| Options | All stainless steel pillar, LED backlight Note: Non-NTEP Approved PM series models available with lb : oz by special order | | | |

APM Series

Shown with optional pillar

Features

- Large LCD display
- Heavy duty construction
- Light weight
- Low profile
- Reads in kilograms and pounds
- Built-in rechargeable battery or external power adapter
- Accumulation function
- Zero tracking
- Automatic power save
- Low battery indicator
- Auto-calibration function
- Adjustable feet
- Wide angle LCD display
- Options for display: platform, pillar or wall mounted (3 ft of cable supplied)
- Selectable auto tare function

Benefits

- Gives excellent readability in sunlight, ideal for outdoor use
- Will withstand harsh industrial operation
- Ideal for portability, only 13.4 lb
- Easy to load and unload platform - only 4.1 inches / 105 mm high
- Flexibility of operation
- Portability - battery lasts a minimum of 300 hours (without backlight)
- Allows you to add together consecutive weights to arrive at a total
- Assures that you always start weighing at zero
- Conserves battery power
- Alerts you to charge the battery, saving downtime
- Ensures accuracy
- Balance remains level for accurate results on uneven working surfaces - Anti-slip
- Can be seen from a wide viewing range in sunshine, ideal for outdoor use
- Flexibility of operation and position
- Allows the first article on the platter to be automatically tared
